

CERTIFICATION STATUS DEFINITIONS

Certification Status	Description
Active	The certification has been submitted. Certification is active and the patient has been automatically registered with the medical cannabis program.
Canceled	<p>The certification was canceled by the practitioner. Any associated patient and caregiver registrations and registry ID's are also canceled.</p> <p>You cannot renew a canceled certification. If a patient requires a continuation of medical care through the Medical Cannabis Program, a new certification must be issued.</p>
Expired	<p>The certification has reached its expiration date. Any associated patient and caregiver registrations and registry ID's are also expired.</p> <p>You cannot modify an expired certification. If a patient requires a continuation of medical care through the Medical Cannabis Program, a new certification must be issued.</p>
