Attach the following with each area of testing: 1) standard operating procedure and 2) initial demonstration of capability (DOC), including summary data for the *primary technician only* as part of the application process.

- |  |   |
|--|---|
| <input type="checkbox"/> Phytocannabinoid profile<br><input type="checkbox"/> Heavy metals<br><input type="checkbox"/> Residual solvents<br><input type="checkbox"/> Moisture content<br><input type="checkbox"/> Terpenoids | <input type="checkbox"/> Mycotoxins<br><input type="checkbox"/> Pesticides<br><input type="checkbox"/> Water activity<br><input type="checkbox"/> Filth and Foreign material<br><input type="checkbox"/> Microbiology |
|--|---|

Before applying, please ensure your cannabis laboratory has a technical director approved by the Office of Cannabis Management in place to cover the additional area of testing for which your laboratory seeks a permit. If the laboratory does not, please complete the Cannabis Laboratory Personnel Requirements form located here: [Cannabis Laboratories | Office of Cannabis Management \(ny.gov\)](#)

#### 3. Laboratory-Developed Method Validation

Please attach the following if the cannabis laboratory is applying for a laboratory-developed method for an area of testing noted above in 2. Also, refer to additional criteria specified in the Laboratory Quality System Standard.

- Cover letter
- Summary of study design
- Summary of results from extraction and/or preparation (prep) method, if applicable, and determinative method and comparison of the results to the approved extraction and/or preparation method, if applicable, and determinative method

### **Cannabis Laboratory Permit Application for Testing Medical Cannabis and Adult Use Cannabis Products**

- Laboratory-developed standard operating procedure or method, including any extraction and/or prep methods utilized
- Initial demonstration of capability (DOC), including summary data and bench sheets
- If applicable, limit of detection (LOD) study, including summary data and bench sheets. Alternatively, if the laboratory will not report below its validated LOQ, a limit of quantitation (LOQ) study, including summary data and bench sheets.
- If available, proficiency test (PT) scores if offered from an ISO/IEC 17043 approved PT provider. These scores are to be sent directly from the provider to OCM.
- Certificate of analysis template

#### **4. Location Change**

Include any updates to the laboratory's physical location, mailing or billing addresses below.

##### Physical Address

Address: \_\_\_\_\_

City: \_\_\_\_\_ State: \_\_\_\_ Zip: \_\_\_\_\_ County: \_\_\_\_\_
